Valencia – Spain

HISTORY

The history of STAR AFRICA MARKET SL. Officially started in 2006. Over the years, the company has been improving, to be able to extend across the country and also in every corner of Spain. Searching for the best of each product, for the African market. It was a group of 2 people and now we are 10 peoples.

The company, little by little, has been growing off the coast of years. Opening at the first warehouse in Paiporta in 2012 and in 2017 and the current warehouse in Torrente.

At the same time improving, to be able to satisfy the customers to give them better service and better attention in the treatment. We import most of the products directly without intermediaries. We have been consolidated with some exclusive brands that characterize us at the time of recognizing our effort for quality.
